

Education Special Purpose Local Option Sales Tax Continuation

The Education Special Purpose Location Option Sales Tax (ESPLOST) continuation would authorize the district to levy and collect a one percent sales tax to help fund facility construction, renovations, safety & security improvements, 21st century instructional technology upgrades, and district-wide athletic facility construction & improvements. The ESPLOST cannot be used to pay expenses, such as salaries and operational costs.

The ESPLOST continuation provides a

method of funding educational improvements in which everyone contributes—not just property owners. Macon & Bibb County especially benefit from being a retail center in middle Georgia, and sales tax is paid by everyone who shops or stays in Bibb County.

According to a study conducted by the Georgia Institute of Technology's Enterprise Innovation Institute, **71.4%** of ESPLOST revenue was paid by people who live outside of Bibb County, meaning the

new school construction and facility improvements of Capital Improvement Programs are funded primarily by visitors and tourists, not residents.

The continuation of the ESPLOST would extend the current education 1% sales tax for an additional five years or until the approved \$198.5 million are collected.
