

Bibb County School District Student Guidelines for Success

(2011 – 2012 Student Code of Conduct)

As your Superintendent I am committed to ensuring **All** schools have learning environments conducive to the growth and development of students and where students will learn to be contributing and successful members of our communities. It is with this goal in mind that students and parents are encouraged to work with teachers and principals to support the values of good citizenship.

Information contained in the **Student Guidelines for Success** will provide students with a summary of student conduct expected in school and at all school sponsored events. The handbook identifies behaviors as well as consequences that could be imposed in the event of misconduct. In addition, you will find information concerning the rights of students to equal educational opportunities, freedom from **bullying**, and access to student records.

SUCCESS depends on each of our student's ability to gain from the various educational opportunities available and each student helping others achieve their goals by maintaining a **positive learning environment** in school. District policies and school rules on student conduct define such an environment in school. Students who become aware of student misconduct and situations that threaten to disrupt the educational process or threaten the safety of students and staff are expected to alert their teachers or the school principal of such incidents. Each student, as well as each staff member and school administrator, is responsible for maintaining a safe and orderly school. We all need each other to achieve this environment.

Your support of these guidelines is critical to the overall success of our students.

BIBB COUNTY SCHOOL DISTRICT'S

2011-2012 STUDENT GUIDELINES FOR SUCCESS

I. INTRODUCTION:

Welcome to the Bibb County School District's *Student Guidelines for Success*. This document, formerly titled *The Code of Conduct*, is intended to provide students with an outline of expected behaviors for student success. It is the goal of the Bibb County School District to provide an effective and safe learning environment. Students and their parents need to know and understand these guidelines in order to complete a successful year in school.

These Student Guidelines for Success have been substantially revised from years past in order to provide students and families with a more user-friendly and understandable expectation for student behavior. There are many more details relating to the contents of these guidelines, student discipline procedures and various student notices that are now located on the School District's Website at www.bibb.k12.ga.us.

II. STUDENT EXPECTATIONS:

It is the expectation of the Bibb County School District that students should:

Participate fully in the learning process. Students need to report to school and class on time, attend all regularly scheduled classes, remain in class until excused or dismissed, pay attention to instruction, complete assignments to the best of their ability, and ask for help when needed.

Avoid behavior that impairs their own or other students' educational achievement. Students should know and avoid the behaviors prohibited by these Guidelines, take care of books and other instructional materials, and cooperate with others.

Show respect for the knowledge and authority of teachers, administrators, and other school employees as well as the rights of other students. Students must demonstrate courtesy and respect for others and the educational environment. They should obey directions, use acceptable and courteous language, avoid being rude or disruptive, and follow school rules and procedures.

These expectations apply to student behavior during school hours, at school-related functions, on school buses, and at school bus stops. In addition, the School District reserves the right to take disciplinary action for any off-campus misconduct that disrupts the school environment, puts the safety of our students and staff at risk, or which otherwise falls within the jurisdiction of the School District as established by law.

III. LEVELS OF DISCIPLINE:

Disciplinary action for violations of expected behaviors will follow a range of consequences, and where applicable will include appropriate hearings and reviews. The School District has established levels of misconduct which contain expected interventions/consequences for student discipline violations within that level. The Levels guide administrators to use progressive interventions in an effort to positively change student behaviors.

The School District always has the option to use an intervention from a lower or higher level when reasonable in light of the School District's personnel's professional judgment and discretion. The acts of misconduct and interventions/consequences listed below are not exclusive. The School District reserves the right to administer appropriate consequences for all acts of misconduct that violate the expectations for positive student behavior.

In all cases, the rights of individuals will be ensured and protected. The Bibb County School District will make every reasonable effort to administer the discipline code consistently in all schools. When applicable, individualized plans (i.e. IEPs, 504s, SSTs, etc.) will be reviewed and followed for appropriate consequences and procedures.

More important, however, is the effect of regular and punctual attendance on the student's scholastic achievement. Each student is expected to be in school on time every day except when illness, injury, or some serious situation beyond their control prevents attendance.

Any student absences will be categorized into excused and unexcused absences. Unexcused absences will result in the following consequences:

1. Students in grades K-8 who exceed **ten (10)** unexcused absences in a school year will not be promoted to the next grade level.
2. Students in grades 9-12 who exceed **five (5)** unexcused absences in any semester-long class will not receive credit for the course. Students in grades 9-12 who take year-long classes and exceed ten (10) unexcused absences will not receive credit for the course.
3. When a student reaches **three (3) unexcused absences**, the Bibb County School District will notify the parent or guardian of the child explaining the penalties and consequences of any further absences.
4. When a student reaches **seven (7) unexcused absences**, the Office of School Social Services will send a certified letter informing the student and parents that three (3) days remain before the school district will take action.
5. Students who demonstrate a **pattern of unexcused absences and tardiness** will be referred to the Office of Student Support Services for appropriate intervention that may include a charge of truancy being filed against a parent and/or student.
6. **Court-related Consequences:** Court-related penalties for excess unexcused absences may include subjecting the parent(s), guardian(s), or other person(s) to criminal misdemeanor charges. Upon conviction thereof, parent(s), guardian(s), or other person(s) may be subject to a fine not to exceed \$100.00 or imprisonment not to exceed 30 days, or both, at the discretion of the court having jurisdiction.
7. **Loss of a Driver's License:** The School District is required to report to the Georgia Department of Motor Vehicle Safety, Driver's License Bureau, certain violations of the Code of Conduct which may lead to restrictions being placed on the student's driving privileges. Violations which must be reported include: dropping out of school, exceeding **ten (10) unexcused absences** in a semester, and cumulative suspension of more than ten (10) days.
8. The Bibb County School District will withdraw students who have missed more than **ten (10) consecutive days due to unexcused absences**, who are not subject to compulsory attendance, who have not responded to efforts to get them to return to school, and who are not receiving instructional services from the local school system through homebound instruction or instructional services required by the federal Individuals with Disabilities Action (IDEA).

For further information regarding the Bibb County School District's attendance policy and related penalties and consequences, please see the School District's website.

The Bibb County School District prohibits bullying of a student by another student. In the event a student has committed the offense of bullying or been the victim of bullying the school will notify the parent(s), guardian(s), or other person(s) having control or charge of such student. Upon a finding that a student has committed his/her first or second offense of bullying, said student will be subject to the penalties and consequences of Level III or IV discipline listed above. Upon a finding that a student in grades 6-12 has committed the offense of bullying for a third time in a school year, such student will be subject to Level V consequences and assigned to an alternative school setting.
